Jackson, Miss., November 6.-Returns as by increasing cloudiness and rain areas, cold yet are meager, but the Democratic State ticket is elected without opposition. Partial returns indicate an overwhelming Democratic majority in the legislature over both Independents and Republicans.

E BARKSDALE. Chairman Democratic State Central Committee

Scuatobla. Special to the Appeal. SENATORIA, MISS., November 6 .- To-day witnessed a triumphant and overwhelming defeat of the so-called Independent move ment. Great efforts have been put forth by the Independents of this county to elect themselves, having nominated themselves without calling even a convention. They recognized the necessity of trying to elect themselves. Formerly these men were the most rampant Democrats, but not being appreciated by the party as to secure a nomination, they have turned out a new party to suit their peculiar views. They never called or held a convention, nor have they any platform. They simply run for office and the emoluments thereof. All of the Independent candidates pretend to be staunch Democrats, but they have endeavored to stir up all the old animosities that formerly existed between the races. They have drawn the color-line as far as they were able to do so, and have found that in some localities the colored voters were too sensible to be used by them as cats-paws. Notwithstanding that their efforts were worthy of a better

cause, a signal failure stamps their race with the unworthiness of having tried to play Democrats with Democrats and Republicans with Republicans. They have failed in both directions. Definite news has not been received from all the precincts, but enough has been learned to justify the assertion that the Independents will have a respectable majorindependents will have a respectable majority at not more than two out of the thirteen precincts, and these majorities are obtained only by the means aforesaid. The color-line attempted to be drawn has proved a failure in most of the precincts, but in some was successful, the negroes voting the independent ticket with the mistakes. the Independent ticket with the mistaken idea that it was directly against the white man. It is thought certain that all the regu-

lar Democratic nominees are elected, and that Matthews is elected sheriff by the largest majority ever obtained in this county by any andidate. Of course the whole State ticket tee to make a thorough investigation into is elected beyond a doubt. Tate county is the deficiencies of the naval appropriations and the division of moneys from the special ward, which is a gain of one hundred over ast year. This is a sad disappointment, as this was considered an Independent strongold. Guns are firing and men cheering. Th oss of this precinct is a crushing blow to the Independents. An invitation is extended to dl sympathizers with the so-called Independent movement throughout the nation to attend the funeral rites of the Independents and sore-heads of this county, which takes place at three o'clock Wednesday afternoon, November 7, 1877.

special to the Appeal. SENATOBIA, MISS. November 6 .- At this nour returns have not been received from the

precincts east and west, but Tate county certainly elects the whole Democratic ticket. The Independents considered this town one of their strongholds, but sad disappointment now cloud their brows. The leading Demo-cintic candidates have majorities from forty upward, which is a gain of more than one nundred over last year. Some of the Demo-crats will doubtless have several hundred gain over last year. The votes here have just been counted. Great joy prevails among the faithful. The Boutwell artillery, anvils, etc., are in full blast, and the citizens are cheering. Four hundred and thirty-one votes were polled here, against ive hundred and five last year. Strenuous efforts were made by the Independents to carry this precinct for their ticket, but late his evening they began to feel beaten. The Democrats fought quetly, and deserved the success attained. A first-class packet will eave here to-morrow, carrying a large funer al cortege up Salt river. This effort to disintegrate the party that redeemed Mississipp has signally failed, as it should have done.

LONDON, November 6.—The Mark Lane Express, reviewing the grain trade of the past week, says: "Although the unsettled reather of the past week has been unsatisfactory to the farmers, who made good progress with plowing, the wheat-sowing harvest is at end, except in the few uplands of Scotland. Threshing has been going on briskly, as the increased offerings at the country markets will testify; but the esti-mates of the probable yield of this year's wheat crop, made by competent agricultural authorities, are remarkable for their unusual variance, ranging from eight million five hundred thousand to twelve million quarters. There is no doubt that, in making all due a lowance for the exaggeration either way, the crop is a very deficient one, and the requirements of the country will necessitate heavy importations of foreign produce, as the trade is not now actually influenced by political affairs, and we are receiving an enormous in-flux of grain from the United States, Russia and India. > MASSACHUSETTS. BOSTON

Boston, November 6.—The complete footings of the city are: Rice, 16,120; Gaston, 16,437; Pittman, 1201; Phillips, 29. The vote of the city last year was: Rice, 19,067; Adams, 23,280; Baker, 1426; scattering, 22. The falling off in the Democratic vote is a surprise to the friends of the party. The Journal's footing of 120 towns shows that Rice gains 6500 votes, and that Gaston loses 2100 in these towns. Rice leads Gaston 7300 votes, and the Journal confidently claims the re-election of Rice by an increased majority. The Herald concedes Rice's election by at least 10,000 majority. The votes of the towns and cities are as follows: Salem—Rice, 1524; Gaston, 1269; Pitman,

Newton-Rice, 1283; Gaston, 425; Pit Brookline-Rice, 536; Gaston, 221; Pit Fitchburg-Rice, 524; Gaston, 855; Pit man, 337. Haverhill-Rice, 823; Gaston, 655; Pit man, 273. Springfield—Rice, 1492; Gaston, 1481; Pit-man, 161.

The footings of 150 towns show that Rice leads Gaston 8332 votes; a gain for Rice in those towns of 165. Gaston loses 2779 votes. Pitman (Prohibitionist) gains over the vote for Baker last year 4800 votes, which seem to have been drawn from the Democrats rather

than the Republicans.

The legislature is largely Republican, and the council nearly solid Republican. SPRINGFIELD, November 6.—The election in the four western counties brought out a pretty full vote for the off year, and resulted in large gains for the Republican ticket over 1875, when Rice had about 5000 majority. Rice carries every county, while Gaston had majority in all but one two years ago. Hampden gives Rice 1500, against 25 for Gaston two years ago; Hampshire, 1575 for Rice, against 181 in 1875; Berkshire, 150 for Rice, against 118 for Gaston then, and Frankfort 120 for Rice, against 53 for Gaston in 1875, making 3747 majority for Rice now where Gaston had 15 majority two years ago. Judging from the gains for Rice, reported thus far in Worcester county and further east, his plurality over Gaston cannot fall below 10,000, and may approach 15,000. The Republicans carry Hampden county for all county officers except the sheriff, and also elect their county tickets in the other three western counties. The Republicans elect four of the six senators from these counties and a large majority of the representatives. Boston, November 7, 1:30 a.m.—The sen-

are that the Republicans have carried the county ticket, with the exception of county oudge and surrogate. The election of Harris Rep.) as senator is almost certain. The Democratic State ticket will have a small maority in the county. BROOKLYN, November 6-Midnight.-The Democrats elect their mayor, supreme court and county judges, district attorney, proba-

bly six assemblymen, and one senator. The board of aldermen is again Democratic. Troy, November 6.—This city gives Beach 2700 majority; Hughes (Dem.), for senator, 2300 majority-both estimated. Barnum's home, and has been Democratic for years. The house will stand about the same as last year-35 to 40. The election to-day was for sheriffs, members of the house of representatives, and one-half the senators, the other half holding over from last year, when the Republicans had one majority in the senate and thirty-six in the house. The indications so far are that the Republicans will retain control of the legislature. The vote in the State is light com, ared with the elections for State officers or for President, and comparisons are of little value. The Republican majority in the legis-

lature will probably be about the same as last year. HARTFORD, November 7, 1 a.m.—The total vote of the State is not far from 80,000. So far as returned the vote is 38,689 Republican and 37,861 Democratic. The towns not yet

Senate.-During the morning hour a num ber of bills were introduced and referred. A large number of petitions were presented by various senators, from females throughout the country, setting forth that they are taxpayers, and asking that their political disabilities be removed and they be allowed to exercise the right of citizens at the ballot-box. The resolutions submitted by Senator Thurman several days ago, calling for the copies of the reports to the government, made under the twentieth section of the act of July 1, 1862, to aid in the construction of a railroad from the Missouri river to the Pacific ocean was taken up and agreed to. The senate then, after a brief executive

of its circulating notes.

Mr. Pound offered an amendment to make the third section of the resumption act repeal the law which limited the aggregate amount of the circulating notes, and to fix the amount of legal-tender notes at three hundred and Mr. Cox [Ohio] offered an amendment to allow the national banks to increase their circulation without regard to the aggregate limitation, and to allow new banks to be organ-ized, also providing for the gradual redemp-tion and withdrawal of the legal-tender notes

beyond the sum of three hundred millio Mr. Cummings offered an amendment pro viding that whenever, in the opinion of the President and secretary of the treasury, then is sufficient coin in the treasury to authoriz legal-tender notes the secretary shall give official notice thereof, and shall thereupon proceed to redeem legal tender notes; also, repealing so much of the resumption act as repealing so much of the resumption act as requires resumption to be commenced in 1879; also, providing for silver coinage, etc. Mr Hewitt [N. Y.], offered an amendment as a substitute for the bill. It requires to secretary of the treasury to accumulate in the treasury, after the first of January next, in addition to the gold that may be then i the treasury, not less than fifty million do lars a year in gold coin or bullion, as a special fund to redeem legal-tender notes, and di-rects him, whenever the amount so received shall reach fifty per cent. of the outstanding legal-tender notes, to give notice that the will be redeemed, and thereafter such note

shall cease to be legal tenders except for gov ernment dues. It prohibits the sale of gol by the treasury, except in excess of this an-nual reservation; and also provides for the issuing of interest-bearing treasury notes not to exceed fifty million dollars.

Mr. Phillips opened the debate by a speech in favor of the bill reported by the committee on banking and currency. He denied that the fall in the price of gold was the result of the researce of the resumption and the result of the passage of the resumption act. He at tributed the fall to the large expert trade o the country. There had been a reduction of tire volume, and what had been the result? I value of real estate. At the close of Mr. Phillips's speech the subject went over till to-morrow.

Mr. Glover asked leave to offer a resolution corresponding with a similar one adopted at the beginning of the last congress directing the various committees to institute searching

Mr. Conger objected. Adjourned. The Vice-President laid before the senate, at Washington, yesterday, a communication
